The Ohio State Polled Shorthorn Sale

7:30 P. M.

Washington Court House, Ohio - (Fairgrounds)

Since Tulleevin's last sale in October of 1960, we have continued to strengthen our cow herd with members of fine old Shorthorn and Polled Shorthorn families. You will, we're sure, be pleased with the resulting calves. There is such uniformity in the L. F. FASCINATION x calves that even the most experienced eye can hardly tell them apart. And in all honesty, we can say, that they are uniformly good.

It is a great pleasure to have Brookwood join us in this sale with a select group of calves from the top quality herd they have been building at their farm at Westfield, New York.

But come see for yourselves . . .

The cattle will be numbered and waiting for your inspection on Sunday, April 1st.

And all from Tulleevin and Brookwood will be on hand to give you the warmest of welcomes.

Welcome . . .

**Your hosts for the day . . .
Dan and Katy O'Connor and
Gwen and Charles South.**

It is a great pleasure to act as Sale Manager for Tulleevin and Brookwood Farms with the very fine people in both firms . . . They joined together to bring to the public this most attractive consignment of Polled Shorthorns.

Mr. Dan O'Connor, President of the National Polled Shorthorn Society and a Builder Of The Breed in 1961 with his capable partner, Charles South, owners of Tulleevin Farms, have combined their skills in selecting the best in both the Scotch and Polled Shorthorns to provide a firm foundation for their highly successful breeding establishment and in promoting their own production and the breed through their activities. Both these men, their wives and families are personalities that people look forward to seeing and do see at all breed events.

Richard T. Schofield & Son, owners of Brookwood, with the able assistance of Dale Ketron, manager, while newer in the business, have followed the same plan of selective purchasing to build an excellent breeding herd. These are very hospitable people and they are gradually widening their circle of interests in the fraternity. They have been looking forward to their first production sale which is now a reality.

All look forward to seeing you on sale day.

TULLEEVIN MEMORANDUM

[illegible]

STANDARD GUARANTEE

Endorsed by American Shorthorn Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 month of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

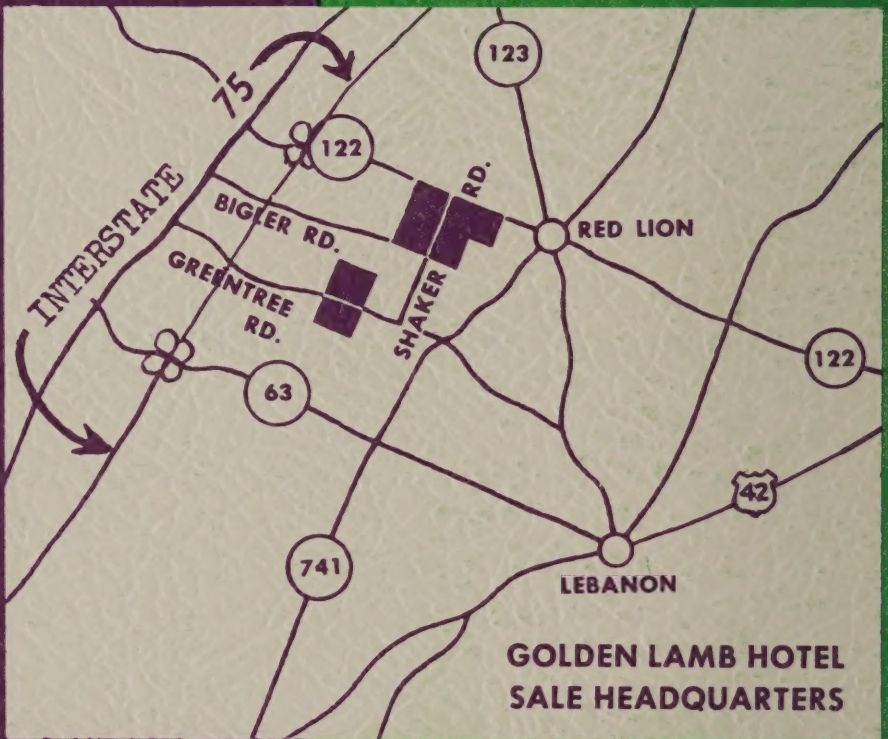

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.

5. Certificates of Registry and Transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

Calfhood vaccination is practiced regularly at both Tulleevin and Brookwood Farms. Every effort is made to guard the health of the animal. Each animal in this sale has complied with the health regulations of the State of Ohio and health certificates on sale day will be issued by an authorized representative of the Ohio State Veterinary Department.

We look forward
to seeing our old
friends and making
new ones.
